

DIAZ OF MEXICO RIGHTS HIMSELF

Repudiates Statement He Fav-
ored Central American
Federation.

ASKS A. P. TO CORRECT IT.

"Or," He Declares, "It Would Seem to
The World That President
Of Mexico Was a Fool."

City of Mexico, May 14.—At a late
hour tonight United States Ambassador
Thompson was seen at his home in re-
gard to the interview accorded to
President Diaz printed in New York
Ambassador Thompson said:

"At this interview between President
Diaz and Mr. Miner, a representative of
the New York Herald, President Diaz
did not say that he favored a federa-
tion of the Central American states
with the United States and Mexico as
joint guarantors, and no such thing was
translated from the president to Mr.
Miner by the official interpreter of the
embassy, who acted as interpreter on
the occasion."

The report of the Associated
Press was received in special adver-
tising by President Diaz, and his attention
being called to it, he said that he
knew that the report was a translation
of the South American states with the
joint protection of the United States
and Mexico, and that he had made such
a statement to any newspaper man, add-
ing that he hoped that the Associated
Press would correct the same or "It
would seem to the world that the presi-
dent of Mexico was a fool."

He said that last Saturday the Ameri-
can ambassador, David E. Thompson,
called upon him with two gentlemen,
both Americans, one a mining man in
northern Mexico and the other a repre-
sentative of a New York newspaper.
They were accompanied by some one
who acted as interpreter, and President
Diaz declared that the statement con-
cerning the federation and the protec-
tion of the Central American states was
undoubtedly due to some mistake in
translation made by this interpreter.

The president today stated that in
the interview of last Saturday he told
his interviewers that Mexico would
never go to war with Guatemala unless
there was some strong reason for
making war necessary, and even
these reasons would have to be
such as would appeal to the nations of
the world; but, on the other hand,
Mexico would tolerate and fight
from Guatemala or any other nation.
He added in his conversation to the
gentlemen last Sunday that the extradi-
tion of the Central American states
from Guatemala was because of their im-
plication in an act of assassination in
this city. Guatemala, he said, excused
himself under the treaty between
Mexico and that country, but the excuse
was scarcely valid.

He then reviewed the incidents re-
lating to the controversy and the re-
moval of the Mexican minister from
Guatemala to the capital of Salvador.
"We wish to avoid any further slight
or act of discourtesy to our diplomatic
representatives," said President Diaz.

"Had any such occurred, the temper
of the Mexican people would have been
roused to such a point that trouble
would have arisen between the two
countries."

The president says that this move
was temporary, and he trusted that the
better sense of the people of Guatemala
would prevail and that the relations
between the two countries would re-
sume their former condition of stability
and mutual regard.

GUTHRIE MURDER CASE.

Coroner's Jury Says George Melville
Deliberately Committed the Deed.

Helena, Mont., May 14.—The coroner's
jury which investigated the death of
Winifred C. Guthrie at a small mining
camp near here Sunday, has rendered
verdict to the effect that the deed was
committed by George Melville, and that
it was an act of deliberation. In con-
sequence, County Attorney Wood-
ward announced his intention of filing an
information charging first degree murder.
Melville in an interview at the county
jail admitted the killing and said it

WHY NOT CURE IT?

DO YOU HAVE RHEUMATISM
EVERY DAY?

If You Do You Are Doctoring the
Symptoms Only—Dr. Williams'
Pink Pills Cure the Disease.

There are almost as many ways of
treating rheumatism as there are doc-
tors. Most of these treatments are directed
at the symptoms and are considered suc-
cessful if they relieve the pain and stiff-
ness. But the blood has not been purified
and the rheumatism is sure to return
especially after a season of exposure to
cold and dampness. The patient goes
through this experience year after year
and begins to think that permanent re-
lief is impossible.

The only way to treat rheumatism is
through the blood. This is the method
of Dr. Williams' Pink Pills—they not only
purify the blood, but they also remove
the impurities which cause the disease but
build up and restore the broken-down system.

Mr. John Riley of Cazenovia, N. Y.,
says: "In my work as a blacksmith, I
am exposed a great deal to changes of
temperature. Some time ago I noticed
that my health was breaking down. The
symptoms were general physical weak-
ness, loss of appetite and nervousness.
"It was evident that my blood was
weak and impure. I became no better
as the time went on and finally this con-
dition of my blood with the constant ex-
posure, brought on rheumatism. It was
of the inflammatory kind and was very
painful in the joints, especially in the
feet and wrists. Many days I could
hardly walk and suffered intense pain.
I took to my bed several times for a
day or so and once for six weeks.
A fellow blacksmith advised me to
try Dr. Williams' Pink Pills and as I
had gained no help from other treat-
ments, I decided to give them a trial.
Within a reasonable time I found that
I was getting better and in a few
weeks I was cured. That the cure is
permanent is shown by my not having
lost a day's work since then. I can
truthfully say that Dr. Williams' Pink
Pills put me on my feet again."

Dr. Williams' Pink Pills have cured
rheumatism, after-effects of the grip, and
fevers, general debility and sick head-
aches, dizziness, nervous prostration,
even partial paralysis and locomotor
ataxia.

Dr. Williams' Pink Pills are sold by
all druggists, or sent, postpaid, on re-
ceipt of price, 50 cents per box, six
boxes for \$2.50, by Dr. Williams' Medi-
cine Company, Schenectady, N. Y.

was done in the heat of passion, be-
cause Guthrie, in whose house they
lived, had abused and slapped his sick
wife over trivial attention paid Guth-
rie's children by a neighbor's daugh-
ter. Mrs. Melville is also at the county
jail, but no charge will be preferred
against her.

The Melvilles figured in a sensational
affair at Butte last year, the wife being
arrested on a bigamy charge. It being
alleged that while still the wife of
Melville, she had married a man named
Northley. While his wife was in jail
on this charge Melville was arrested
for unlawful cohabitation. The affair
was straightened up by Northey securing
a divorce and Melville serving a
30-day sentence.

Mrs. Melville, when 14 years old,
eloped from Wallace, Idaho, with a man
named Walbridge. The latter was ar-
rested on a statutory charge because of
her years, but married the girl and
circumstantial evidence and that of his
daughter, Hunter was given a life sen-
tence.

the president for forest reserva-
tion purposes have been restored to
the public domain as follows: One
hundred and twenty-nine thousand
two hundred and eighty acres in the
San Jacinto forest, California; 988,
500 acres in the Rainier and 250,000
acres in the Washington forest, Wash-
ington; 55,840 acres in the Cascade
forest and 122,000 in the Hesper forest,
Oregon; 244,980 acres in the Medicine
Bowl forest, Wyoming.

FORTUNES MADE IN WHEAT.
Chicago, May 14.—Many men got
small fortunes from the board of trade
this morning by quietly unloading
wheat at the high prices made possi-
ble by yesterday's extraordinary but
movements. The pit, however, was
less spectacular than it was yesterday,
and the gallery, crowded to its ut-
most capacity, waited in vain for a
burst of pandemonium like that which
lasted for hours yesterday.

December wheat touched a dollar for

heavy. Board memberships, which
recently found no buyers at \$1,800,
were easily salable at \$2,500 today.

day, running to the First Trust and
Savings Bank of Chicago.

It is announced that the instrument

pany's trade, with special reference

MURDERER CONFESSES CRIME.

Omaha, May 14.—Phillip Burke,
who was arrested at Hooper, this
afternoon, charged with being the
murderer of Mr. and Mrs. Walter Cop-
ple, near Rosalie, Thurston county,
yesterday, tonight made a confession
of his crime.

Burke said his real name was Louis
Ray Higgins, but he went by the
name of Burke. He said he was un-
able to remember the details of the
crime because he was mad from
whisky when he committed the crime.
He asked Sheriff Bateman to notify
his mother, who he said is Cora Ray
Higgins of Denver.

STRIKE ON THE ISTHMUS.

Steam Shovel Workers Demand Three
Hundred Dollars a Month.

Panama, May 14.—The strike of the
steam shovel workers which began
yesterday, the men demanding
\$200 per month instead of their present
salary of \$210, continues today.
This morning only eight steam
shovels were at work. Col. Goethals,
the chief engineer, is endeavoring to
replace the strikers with mechanics
employed in the shops, and it is
reported that he has sent a cable-
gram to Jackson Smith, the member
of the canal commission in charge
of the labor, to contract for engineers
in the United States.

The steam shovelers on strike will
go to Colon this afternoon and it is
reported that they have chartered a
German tramp steamer to convey them
north.

COULDN'T ROLL CIGARETTE.

So Young Girl in Man's Attire Was
Placed Under Arrest.

Chicago, May 12.—A dispatch to the
Record-Herald from St. Louis says
because Miss Minnie Block, aged 21, can-
not roll a cigarette like a man she now
is in the city jail. While Block, clad in
man attire, was arrested yesterday on a
downtown thoroughfare with Ed. For-
rest, with whom she was "hobnobbing,"
from Mead, Kan., her home, to St.
Louis, and with whom she intended to
go to Washington, the way in which
she reached this city.

Miss Mead, wearing Forrest's big shoes
to more effectively disguise herself, wan-
dered about the streets for several hours
until finally detectives saw her attempt-
ing to make a cigarette of material hand-
ed her by Forrest, and deciding she was
not a boy, despite her attire, placed her
under arrest.

Forrest said he was on his way to
Washington to claim his pension for
wounds received in the battle of Manila.
He says he was awarded a Medal of Honor
and spent 24 months in the naval hospital.

BALTIMORE OUT OF COMMISSION.

New York, May 14.—The cruiser Bal-
timore, lying at the navy-yard in Bal-
timore, went out of commission yesterday.
When her flag was lowered and Lieut.
Commander C. M. Stone turned the craft
over to the department of construction
and repair.

It is said that the Baltimore, which
went into commission in 1890, will be
converted into a mine-laying vessel.
The Baltimore took part in the famous battle
of Manila bay during the Spanish-Ameri-
can war.

STRIKERS SEE GOV. MAGOON.

Havana, May 15.—The striking cig-
ar makers called on Gov. Magoon
yesterday and said that the blame for
the men remaining out lay with the
manufacturers, who had declared a
lock-out against them. The men desired
to return to work if the employers de-
sired them to do so. Women, it is
said, will be put in place of the strik-
ing men. Thus far there have been
no disturbances.

To Make Them Forget.

"Girls," said the manager of the quick-
lunch joint, "I want you to look your best
today. Add an extra ribbon or ring. Give
your cheeks an extra dab of powder."
"What's the matter?" said Marie, the
fair-haired waitress. "Bigger had again?"
"No," said the manager. "The beer's
on the bum."

ROYAL SCRAP ALBUMS.
The fashion of keeping scrap albums
and autograph books has long been
popular with royalty. The German em-
peror has in his possession a unique
scrap album which contains a large
number of clever caricatures drawn by
the czarina. The king has a large col-
lection of drawings executed by his
brothers and sisters when they were
children, and the Princess of Wales
has a scrap album in which all sorts
of cuttings from the society papers re-
lating to herself and her royal relatives
are preserved. The title of this
book is suggestive, for her witty royal
highness has labeled it, "Words We
Never Spoke; Things We Never Did."

FROM THE KAISER.
The statue shown in the cut has re-
cently been presented to Great Britain
by the German emperor. It represents
William of Orange and will be set up

near Kensington palace. The Kaiser
usually chooses his own portrait as a
gift to foreign countries, but this time
he seemed to have been of the opinion
that William of Orange would be quite
as acceptable.

TRACKED BY AN EARTHQUAKE.

A citizen of Florence was years ago,
while he was hiding, sentenced to penal
servitude for life for having killed two
soldiers. The authorities sought for
him in vain, but his name appeared in
the list of persons who were injured in
the San Francisco earthquake. He had
resided there several years and made a
large fortune. The Florence authorities
have presented a request to the Ameri-
can government for his extradition.

called to the throne he will not regret
that his country is now a constitutional
government instead of the ancient abso-
lutism.

Wins in the Supreme Court.

Judge Straup Thursday granted a
writ of prohibition, the other judges
concurring, against Judge Lewis from
assuming jurisdiction in the case of
Jacob Ford and others against Wil-
liam Hendrickson, on appeal to the
District Court from the Justice's
Court.

In granting the writ an opinion was
expressed that a notice of an intention
on an undertaking of an appeal is not
a notice of an undertaking of an ap-
pel being filed and does not come
within the statutes.

After judgment had been secured in
this case in the Justice's Court the ap-
pel was taken to the Supreme Court on
intention of filing undertaking in ap-
pel on October 1, 1907, and filed the
appeal with the undertaking on Octo-
ber 4. Judge Lewis declined to dis-
miss the case when the motion was
made that it was without his juris-
diction. Application for writ of prohi-
bition was then filed.

This case is one of the many Murray
judgments obtained by the Merchants' Protective association, of which Francis
G. Luke is general manager and this decision is of great importance, as it
will affect thousands of other cases.—S. L. Telegram, May 11, '07.
